ANNUAL REPORT 2021

Dear Wartburg Family,

Yesterday, today and tomorrow – Wartburg leads the charge for senior care and housing in Westchester.

Since its inception in 1866, Wartburg has perpetuated its legacy of caring. For over 156 years, Wartburg has met the needs of our community and has expanded and grown while the community around us has changed. This year's annual report reflects on our legacy of care and joyously shares our plans for the future. We are growing! And, we are thankful for the staff, volunteers and benefactors who continue to help us fulfill our mission.

Twenty percent of Westchester residents are ages 60 and older. This cohort is projected to increase over the next decade. Our Vision 2025 is a multi-year initiative to continue to evolve and transform in response to unprecedented changing demographics. Wartburg is moving forward

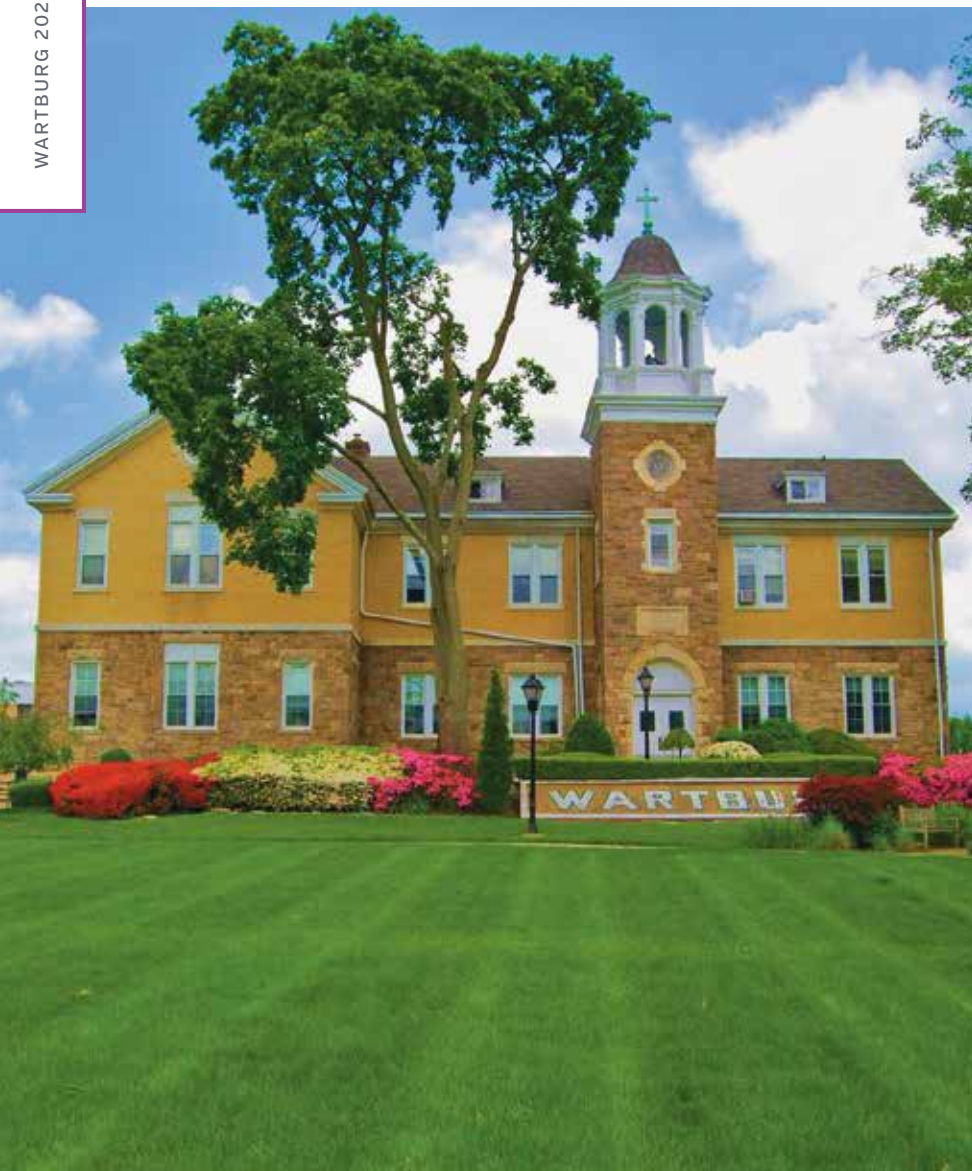

with new state-of-the-art facilities to support people with Alzheimer's and dementia related diseases and to provide more affordable assisted living opportunities for our community. In addition, we continue to invest in our workforce and expand upon our community relationships and alliances.

We are proud of our long history of care and grateful for all those mentioned herein for their support of our quality-of-life mission. Community resources and our award-winning staff come together with our dedicated volunteers and allies to create an environment where one truly can live their best life.

In Service Together,

David J. Gentner, Ed.D.
President & CEO

#IAMWARTBURG

Jodie Ferrari and
Wilson Sanchez

Rousheda Monk

#IAMWARTBURG informs our audience about Wartburg through the lens of our caregivers, team members and partners. Learn about Jodie Ferrari, Rousheda Monk and Wilson Sanchez.

What is your position at Wartburg?

Jodie: Clinical Nutrition Manager

Rousheda: I am a Licensed Practical Nurse

Wilson: Registered Dietitian Manager

Why did you choose to work at Wartburg?

Jodie: My personal preference is to work with Long-Term Care Residents, and I've always been professionally aware of how highly regarded the Wartburg staff and services are.

Rousheda: I have been working at Wartburg for 5 years as a certified nurse assistant. It feels good to leave your home in the mornings knowing that you are heading to a place where the staff is respectful, compassionate, approachable and love the work they do; that is why I chose to stay and continue my nursing profession here.

Wilson: I was referred by two of my classmates who interned here. They only spoke great things about Wartburg.

How does your work make an impact on the population Wartburg serves?

Jodie: Optimal nutrient intake aids in healing, helps to prevent skin breakdown, as well as prevents or reverses malnutrition – all risks our resident population faces.

Rousheda: My work as an LPN will impact this population that I serve because of the extensive caring background I have obtained over the years as a CNA. I am very familiar with the culture, philosophy and the mission of Wartburg, and I love it all because it has helped to make me who I am today.

Wilson: I make sure my residents meet their energy requirements, including protein intake as well as their meal preferences. In addition, I provide help with a range of medical nutrition therapies (MNT), which are nutrition plans used to treat specific medical conditions.

That's how they got her motivated to do her exercise. I will sing to the top of the mountains that Wartburg is excellent."

– Jackie Moya and the Moya Family,
family of a rehabilitation patient

"I wanted to share with you how supportive and compassionate Ingrid was last weekend when my mother was sent to the hospital. She explained the situation very well to both my sister and I and kept me up to date on my mother's progress. On Saturday morning, Danny also reassured me on my mother's condition and was also very personable and patient. I would like to commend both of these nurses for their excellent manner and professionalism."

Many of the seniors we serve live at or below the poverty line and are eligible for Medicaid, which through its established rates reimburses Wartburg for providing the care. However, in many cases this reimbursement is below the actual cost incurred. The cost of uncompensated care is as follows:
